

Safe Routes to School

Community Active Transportation Policies and Practices

1. Describe any plans that identify part or all of the proposed scope of work in the SRTS project. This could include regional long-range plans, city or county master plans, capital improvement plans, non-motorized transportation plans, equity plans, parks & recreation master plans, school travel plans or other formally adopted documents.

2. Describe any local ordinance, policy, or tax that directly encourages or incentivizes active transportation. This could include Complete Streets policies, ordinances regarding snow removal, zoning requirements to connect schools with residences, and local bond, millage, or special tax that makes it easier to be physically active in or near the schools.

3. Does your community have an American Disabilities Act (ADA) **Transition Plan**? If so, when was it most recently updated?

- a. How recently has work been done in your community to address the inventory of needed ADA public infrastructure improvements? (i.e., projects that have incorporated ADA components or involved ADA maintenance.)
